COLLEGE PARK STUDENT WINS JOB CORPS REGIONAL AWARD

Sade' LaSean White Named Job Corps' Southeast Student of the Month

ATLANTA – The Job Corps Atlanta Region, which includes seven states and 19 centers in the Southeast, has selected Sade' LaSean White as its Student of the Month.

White, 16, from College Park, is vice president of her women's dormitory quad and also an active tutor.

"I decided I would come to Job Corps to make good use of my time, learn something, and meet new people," said White.

White received her GED within her first two months at Job Corps. She received a perfect score of 800 on the reading section and a near perfect score of 780 on the writing section. White enjoys reading and writing poetry and is now working toward the completion of her training as a legal secretary.

"Come to Job Corps and do what you need to do," White advised future Job Corps students. "Remain open-minded and learn to live with rules."

White was selected Student of the Month by Job Corps Atlanta Region Staff, which received submissions from 19 centers in seven states: Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, and Tennessee. White is currently featured on the Region's Web site at www.jobcorpsregion3.com.

Established in 1964, Job Corps is the nation's largest job-training program, annually serving 65,000 participants ages 16 through 24. There are 120 Job Corps centers nationwide. The goal of the federal program is to help economically disadvantaged youth find promising careers by providing comprehensive services in a residential setting, including education, vocational skills training and counseling. For enrollment information, call (800) 733-JOBS.
